THE HONGKONG DIRECTORY AND HONG LIST FOR THE FAR EAST. A DIRECTORY AND WORK OF REFERENCE ON ALL IMPORTANT LOCAL SUBJECTS FOR HONGKONG, MACAO, CHINA, JAPAN, THE STRAITS SETTLEMENTS, SIAM, INDO-CHINA, NORTH BORNEO, THE PHILIPPINES, AND COREA, FOR THE YEAR 1891.

PRICE THREE DOLLARS.

"THE HONGKONG DIRECTORY" has again been enlarged and is THE CHEAPEST, MOST COMPLETE, AND ONLY RELIABLE WORK OF THE KIND. PUBLISHED IN THE FAR EAST.

THE above named work, published at the Office of "THE HONGKONG TELEGRAPH," contains a Directory for the Ports in the large portion of Asia comprised between Peking, in the Straits Settlements, and the Northern Chinese Ports, including Vladivostok, Formosa, the Treaty Ports of China and Japan, Corea, China, the Philippine Islands, Corea, British North Borneo, the British Colony of Hongkong, and the Portuguese Colony of Macao. It also contains the Principal Treaties between European countries and the United States and the countries East of the Straits, including the Treaties and Conventions between China and Great Britain, France, Germany, Russia, the United States of America, Brazil, Japan, Peru, Spain, and Portugal; together with conditions of Trade, and the Port, Customs, Consular, and Harbour Regulations for the Ports of China and Japan; also descriptions of the various Ports, with the latest Trade Statistics taken from the Reports of the Imperial Maritime Customs and other reliable sources.

The various Governments and Municipal Corporations, and all Public Bodies and Companies, Banks, Merchants, Consuls, Professional men, and other Residents, have supplied the necessary matter upon forms specially sent for that purpose so as to ensure accuracy. The Naval and Military portions have been taken from the latest published official lists and revised at Headquarters; in fact, no names have been added to make "THE HONGKONG DIRECTORY AND HONG LIST FOR THE FAR EAST" a handy and perfectly reliable book of reference for all classes.

In addition to the information enumerated above "THE HONGKONG DIRECTORY AND HONG LIST FOR THE FAR EAST" for 1891 contains a carefully revised

INDEX TO THE ORDINANCES OF HONGKONG;
A SPECIAL LIST OF FOREIGNERS employed in Steamers making short voyages from Hongkong;

THE PRIVATE RESIDENCES of the Principal Government Officials, the Leading Merchants, the Foreign Consuls, Professional Men, Justices of the Peace, &c.

A SPECIAL FEATURE IN THIS PUBLICATION WILL BE A CHAPTER ON SPORT, dealing with almost every branch of the subject, including RACING, CRICKET, ATHLETICS, AQUATICS, &c., &c., &c.

THE WINNERS of all IMPORTANT RACES at HONGKONG, SHANGHAI, FOCHOW, and AMOY, with times, and other interesting particulars, carefully compiled from the most reliable sources, make "THE HONGKONG DIRECTORY AND HONG LIST FOR THE FAR EAST" a *volume* for all classes of sportsmen.

"THE HONGKONG DIRECTORY AND HONG LIST FOR THE FAR EAST" for 1891 is printed on a superior quality of Paper, and is the best printed and most handsomely bound volume ever published East of the Suez Canal.

"THE HONGKONG DIRECTORY AND HONG LIST FOR THE FAR EAST" in order that it may circulate extensively outside this Colony, is published at a POPULAR PRICE, and can be ordered at this Office, or through any of our Agents at the various Ports, for

THREE DOLLARS.

There is not space in the compass of an Ordinary Advertisement to detail all the information introduced into the work, but it may be fairly asserted that no such Directory has ever been published, either in Hongkong or any other part of the East, at such a low price.

"THE HONGKONG DIRECTORY AND HONG LIST FOR THE FAR EAST" offers Special Advantages as an Advertising Medium. It has an extensive circulation in all Ports between Singapore and Newchwang, in the Australian Colonies, the United States, and the United Kingdom, and the scale of charges has been fixed at an exceptionally low rate. HONGKONG, MONDAY, FEBRUARY 2, 1891.

THE CONSPIRACY (I) CASE.

In another column will be found an official reply from Governor des Vaux to the public petition forwarded to the Officer Administering the Government (the Hon. F. FLEMING) with reference to what is popularly known as the Conspiracy Case. We refrain for the moment from entering into a detailed criticism of his Excellency's statements, opinions, conclusions and decision; but our readers and the public at large will thoroughly understand that our only reasons for so doing, are the respect we owe to Sir WILLIAM DES VAUX in the high position which he holds as the representative of the Queen in this British colony, and as we have no desire to complicate by controversy in the public press a matter of right and wrong bearing such grave issues, a question of serious general importance involving the liberty of the subject and the inherent rights of every man living under the British flag, which can only be satisfactorily settled in the open light of day in a Court of Justice. The Conspiracy Case is not ended; practically it has just entered on its most interesting stage. After nearly eleven weeks' close confinement in the hospital of Victoria Gaol, Mr. FRASER SMITH, the principal victim of this most remarkable of local criminal prosecutions, has been released by order of the Governor, strictly on medical grounds; his hapless companion in misfortune, Mr. G. W. WARD, is still a prisoner. The Editor of this journal owes a solemn duty to himself, to his unfortunate colleagues, and to the colony, to lose not a moment in obtaining that public vindication

rendered necessary by the verdict of a majority of the jury and the sentence of the Chief Justice. This end can be achieved without any very great difficulty; we only seek justice and fair-play, and surely in a British colony we shall not ask in vain for what are proudly acknowledged to be a Briton's rights all over the world. Meanwhile we ask the community of Hongkong and our friends both at Home and throughout the Far East to suspend their judgment on this case until its true merits have been exposed to the world. We promise that the vindication will be thorough and complete—and may God defend the right.

DEATH OF THE KING OF HAWAII.

A telegram reached the Hawaiian Minister Resident at Tokyo at 1 a.m. on the 23rd January announcing the death on the 21st January at San Francisco, of His Majesty King Kalakaua. His Majesty's remains were conveyed to Honolulu in the United States flag ship *Charleston*. The King died in the fifty-fifth year of his age and the seventeenth of his reign. He will be succeeded by his sister, now Queen Liliuokalani. It is considered that the new reign will prove to be an era of great political changes in Hawaii.

Mr. Keeble was educated at the Diocesan Home, Hongkong. No particulars are given in the telegram, but it is to be presumed that the crime was committed by pirates for the sake of loot.

SOME Russian Jack Tars have been getting into trouble at Bombay. Three men were brought before the Magistrate a few days since in consequence of disturbing the previous evening. They went to a Parsee Club at the rear of the Gaiety Theatre, and the Parsees being greatly alarmed, fired. The police were called, but by this time the bibulous Jacks had broken the corner of the billiard table, two balls, four cues, a rest, two chairs, three lamps, and a glass shade, while one, seizing the lamps, had emptied the oil down a woman's back. The police called to two or three British tars, and the Russians were taken into custody. One of them first, however, was taken to the hospital to have his wounded head dressed. The man expressed their regret at causing the damage, which was assessed at Rs. 60, and they were fined three rupees each.

LETTERS from Russia state that since the assassination of General Seliverstov, the police have been apprehensive of fresh nihilist outbreaks, and indiscriminate arrests have been effected in every town of the empire. Persons of all ranks have been summoned to the police office, and in many cases imprisoned for no other reason but that they corresponded with people in France, or were known to read French books, or were related to exiles in Siberia. As always happens in Russia, when a general order is issued for the catching of suspects, the police seem to have been multiplying arrests, simply that they might levy blackmail from timid people. In St. Petersburg, the new paroxysm of police activity has excited so many rumours of plots that the Court is said to have become unnerved. The Court goes to St. Petersburg as seldom as possible, and when he does he remains there but a short time, and always drives back to Gatchina before midnight.

THE dear old lady who weekly advertises for vapors in the form of "Fragrant Waters" in the *Small*, had 'em bad' on Saturday and whilst trying what to her must have been an acrobatic feat—to be funny, fell short of the mark and disarranged her bustle considerably (for we presume it is in that quarter that she carries her brains). What the old woman's object was is evident to all, but she was on the wrong scent and in her reference to "flowers of Australian rhetoric" (which was not only atrocious but in very bad taste) "Brownie" faltered the "flowers of rhetoric" onto the wrong country. Not that the gentleman aimed at would not have been proud to have hailed from the land of the Southern Cross, but he only points out to Brownie, "O, part of whom, y' say, by the way, was a skulking in the back ground upon the occasion referred to, how far she is out in her reckoning, and what a jenny she has made of herself. But after all the fault is not hers: she has been so unmercifully ridiculed and held up to contempt, turned upside-down and inside out, and made to look such a contemptible old woman that no wonder she has turned at last, but now that we have, metaphorically speaking, wiped our noses from her, we will not for all that let the lady's bad goods be, only a private joke."THE managing committee for the Christopher Columbus centenary *Fetes*, to be held at Genoa next year, have resolved to promote an international congress on maritime law, to be held at Genoa during the *Fetes*.On the arrival of the Glen steamer *Glenarney*, on the 30th ult., a couple of Chinamen were stopped making quick steps ashore with a basket, which upon examination was found to contain a dozen new blankets. The blankets were part of a cargo that had been pillooted between Singapore and Hongkong. The defendants blamed each other and Mr. Wis imposed a fine of \$400 on each man for imprisonment (with no blankets) upon each. They paid the shakels.

The joint of a water-pipe gave way on Saturday morning on Bonhom Road doing a considerable amount of damage. This, no doubt, is only a beginning, and it what any casual observer could have foretold long ago. The manner in which the pipes have been and are being laid down by contractors who are new to the business, and under overseers who are as intimately acquainted with the difficulties appertaining to this work, which they are supposed to supervise, as a Chinaman is with the moon, such occurrences as that of Saturday last can only be expected. At present the pipes are laid covered with large stones and rubble and as soon as they begin to settle the joints, as a natural consequence, give way.

A "FRISCO" paper says that Dr. E. F. Legalls of Chicago has received a supply of liquids for the treatment of consumption by the methods of Dr. L. Shurly of Detroit. There are two liquids for use in this treatment, each made as nearly chemically pure as possible. One of them is iodine, the other a solution of chloride of gold. The iodine solution is to be injected each day for a week in incipient cases, then on alternate days. In aggravated cases, where breaking down has begun, the two solutions are to be used on alternate days, then simultaneously, care being taken to prevent the formation of an insoluble iodide of gold, due to impurities in one or other of the solutions. It is especially in cases Dr. Shurly advises Dr. Legalls to employ inhalations of chlorine gas in connection with the iodine and gold. Dr. Shurly modestly states that while he makes no such claim for his method as is made for the Koch lymph, he has had some results that he is very proud of, and he gives the outline of a few of these.

JOHN C. THOMSON, M.A., M.B., Superintendent.

A TELEGRAM from Lima (Ohio), December 22, reports—Mr. B. C. Furot, president of the Columbus, Lima, and North-Western Railway, completed contracts to-day with Mr. John W. Young, eldest son of the late Brigham Young, the Mormon prophet, whereby they are to share possession of 2,000,000 acres of land in Northern Mexico granted to Mr. Furot by the Mexican Government three years ago, on the stipulation that a railway should be built from Deming, New Mexico, to Chihuahuita Bay, on the Pacific coast. The Mexican Government also agreed to pay \$200 to each family and \$50 to each bachelor who should settle on the land in question. Mr. Young reports that 10,000 people are ready to colonize this grant, and there is excellent reason for believing that they are all Mormons anxious to leave Utah. Since the Grants obtained practical control of Salt Lake City, the Mormons have been quietly seeking a new location. Mr. Young, who is an extensive railroad contractor, has recently completed a large Utah contract. A small colony of Mormons has already settled on lands adjoining Mr. Furot's proposed colony, where they are free from the restriction of the United States Government, and can practise and teach polygamy without hindrance.

THE CONSPIRACY (I) CASE.

The subjoined official despatches from the Government to the Hon. P. RYRIE speak for themselves.

No. 148. (Copy.)

COLONIAL SECRETARY'S OFFICE, Hongkong, 26th January, 1891.

SIR—I am directed by H. E. the Governor, to acknowledge the receipt of a petition without date, addressed to the Officer Administering the Government, praying for the release of Robert Fraser-Smith and George William Ward at present prisoners in Victoria Gaol, which was called in reply to transmit to you for the information of the signatories to the petition a copy of a minute by H. E. on the subject.

I have, &c.

(Sd.) F. FLEMING, Colonial Secretary.

Hon. P. Ryrie, &c., &c., &c.

(Copy.)

The Governor has given his best attention to the petition, signed by a large number of the inhabitants of the Colony, in favour of the remission of the sentence of six months' imprisonment with hard labour recently passed upon Robert Fraser-Smith and George William Ward for conspiring to bring a false charge.

The grounds urged for this remission are—

(1) The alleged weakness of the evidence at the trial.

(2) The failure to adduce until too late, evidence which, as the Chief Justice (who tried the case) is alleged to have indicated, might have influenced the jury in favour of the prisoners.

(3) The danger to the life of the prisoner Robert Fraser-Smith from imprisonment with hard labour.

As regards (1) I regret that the evidence having been regarded as sufficient by the jury, whose verdict was approved by the learned Judge who tried the case, I do not see sufficient reason to justify me in acting upon a different view.

As regards (2) I cannot think that the facts referred to are sufficient to warrant the belief that they ought or would have had any material weight with the jury if they had been adduced at the proper time.

On these two grounds, therefore, I see no reason to differ from the decision which was arrived at by the jury in the colony of 1890.

As regards (3) I have to state that the evidence adduced in support of the above, was of a very slight nature, and that the prisoner Robert Fraser-Smith, was then called and gave corroborative evidence of the above. The defendant stated in her house for five months. He saw the man and during the several months had advanced her money on account. The defendant said he had a claim against her, which she was willing to settle. She valued the gold watch and chain at \$300, the ring at \$50, and the revolver at \$200. Nora Mooney was called and gave similar evidence. The defendant said he had an alien on the articles for money due to him, which he set up as a special defence. His Lordship gave judgment for the plaintiff \$200, costs.

Officer Administering the Government in Council.

As regards (3), which affects only the prisoner Robert Fraser-Smith, I am placed in a position of peculiar difficulty by the fact, which has become well known, that a resolution was arrived at, also before my return, for the appointment of a Medical Commission to enquire whether further imprisonment in gaol would involve danger to the health of the prisoner Robert Fraser-Smith.

When this Commission reported that such danger would be created, it seemed to me in the first instance that I was thus relieved of all responsibility, and that there was nothing to hinder the gratification of a natural inclination to mercy; but subsequent consideration has convinced me that to constitute danger to the health, or even to the life of a prisoner, as *ipso facto* a reason for his immediate release, would be to set a most dangerous precedent, and by rendering it impossible with any consistency to permit any further imprisonment in the case of the prisoner Robert Fraser-Smith, would be practically to grant him a license for the commission of any offence short of murder.

The special severity of the imprisonment owing to the causes indicated, may no doubt be a reason for shortening it, but on the other hand I have to bear in mind that the sentence awarded in this particular case, probably owing to the recommendation to mercy on the part of the jury, was a very lenient one with reference to the gravity of the offence which I am bound to believe was committed, and under these circumstances I have with very great pain arrived at the decision that the utmost concession which I am conscientiously able to make at present to the wishes expressed in this petition, is the remission of that portion of the sentence of the prisoner Robert Fraser-Smith which awards to him hard labour.

astronomy by the author of this work.

are given for deducing Heights and Distances of
Mountains, with Tables to solve the questions.
Also a most interesting problem, relative to
the Shadow going back upon the Dial of Ahas-
uerus, published A.D. 1891, being the year of the
Asteroid Jobiles, and likewise that of Hongkong's
24th Anniversary.
Note.—The author's numerous successful
pupils on the Coast of China will doubtless be
anxious to purchase a Copy of the Marvellous
Work, and if so, kindly send me an order quickly,
for there only one hundred copies.
PRICE 3s.

SPECIAL NOTICE.
By this method of solution, we have only half
the work used in Sumner's, and moreover, it is
more accurate; and therefore it only requires to be
known to be appreciated, and then, the hitherto
American American problem will become obsolete.
The old Navigation will soon be swept away,
and the chronometer be rated at sea by means of
the "New Navigation," which is truly mar-
vellous.
